### EXTREME HD COMPONENTS

Rustler comes outfitted with factory-installed Extreme Heavy-Duty suspension components for ultimate strength and durability. The rear axle carriers, C-hubs, and steering blocks are beefed up with more material and stronger construction.

### INCLUDES BATTERY & CHARGER

Rustler includes a powerful 8.4-volt 3000 mAh Traxxas Power Cell rechargeable NiMH battery pack to reach top speed. Fast 4-amp charging is available virtually anywhere thanks to the included 45+ watt USB-C battery charger with iD technology.

### POWERFUL TITAN MOTOR

Rustler reaches its blistering 35+ mph top speed thanks to a powerful Titan motor and XL-5 speed control. An integrated cooling fan draws air into the motor to keep temperatures down. The XL-5 ESC provides smooth, reliable power with EZ-Set one-button setup and three drive profiles.
