

RUSTLER 4x4 BRUSHLESS

£399.99

Announced 31st Oct, 2023
Available 14th Dec, 2023

RUSTLER 4X4 BL-2S

1/10 4WD STADIUM TRUCK

Sensorless brushless motor (3300kV)

BL-2S ESC

NiMH-2S LiPo (not included)

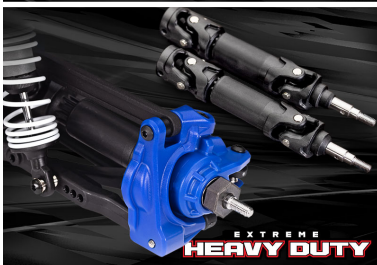

67164-4

Red / Blue

BL-2S BRUSHLESS POWER SYSTEM

Rustler 4X4's BL-2s brushless power system ramps up the fun with up to 60% more speed and faster acceleration than comparable brushed power systems. Improved efficiency, high-speed ball bearings, and an internal cooling fan allow Rustler 4X4 to run battery after battery for all-day fun. BL-2s 3300 kV is long-lasting and requires virtually no maintenance.

EXTREME HEAVY DUTY UPGRADES

Rustler 4X4's pre-installed Extreme Heavy Duty Upgrade Kit replaces key drivetrain and suspension components with beefed-up parts made for ultimate strength and durability. From the HD suspension arms to the steel wheel hubs, this is the strongest driveline ever offered in a Rustler.

CLIPLESS BODY MOUNTING

Rustler 4X4 uses a clipless body latching system for secure mounting and fast, one-handed removal and installation. The sleek, aerodynamic body features a rugged internal structure and external rollover protection for long life and Traxxas-Tough durability.

- Clipless body
- Tough front and rear bumpers
- TQ 2.4 GHz transmitter
- 3300 kV brushless motor
- BL-2s waterproof ESC
- Three programmable drive profiles
- Low-cg modular composite tub design chassis
- Chassis-mounted 2056 servo
- Dual bellcrank with integrated servo saver
- Heavy duty suspension arms
- Oil-filled ultra shocks
- Full-time shaft-driven 4-wheel drive
- Extreme heavy duty driveshafts
- Oil-filled steel gear front and rear differentials
- Large 32-pitch steel spur gear
- Grey RXT wheels
- All-terrain Talon EXT tyres
- Sealed ball bearings
- Rust-resistant black oxide coated hex hardware
