VELINEON BRUSHLESS POWER

Built specifically for Traxxas 1/16 scale models, the VXL-3m speed control and Velineon 380 motor represent the latest in brushless technology. Fully LiPo compatible with low-voltage detection for 2s and 3s packs and rated for 6-12 NiMH cells, this potent, powerful combo gives E-Revo VXL precise throttle control and blistering top speed.

BATTERY AND USB-C CHARGER

Fast 2-amp charging is available virtually anywhere thanks to the included 20+ watt USB-C battery charger with iD technology. The 1/16 E-Revo VXL is fully assembled and Ready-To-Race with an included Power Cell NiMH battery and charger. Power Cell batteries deliver free-flowing power and maximum punch with premium quality construction.

- Traxxas stability management
- 2-amp USB-C fast charger
- Traxxas Power Cell NiMH battery with iD
- Race-inspired suspension and chassis design
- Waterproof electronics
- Digital high-torque waterproof micro steering servo
- Sealed, silicone-filled differentials
- Torque-control slipper clutch
- Telescoping U-joint driveshafts
- Rubber-sealed ball bearings
- Threaded oil-filled shocks
- Fibre-composite monocoque chassis
- Integrated battery compartments with cooling vents
- Quick-release battery doors
- All-terrain front and rear tires
- Talon tyres with high-performance foam inserts
- Black-chrome Gemini 5-spoke wheels
- High-downforce rear wing
- ProGraphix painted body

100% FULLY ASSEMBLED

1/16 E-Revo VXL comes Ready-To-Race out of the box with the TQi 2.4 GHz 2-channel radio system, waterproof VXL-3m ESC, and included 7.2 V battery and charger. With over 30 years in the hobby industry, Traxxas goes the extra mile to ensure that your RC experience is easy and fun.
