**NiMH-3S LiPo** (not included)

**£399.99**

**82224-4**

Blue / Grey

### CLIPLESS BODY MOUNTING

New to TRX-4 Sport, clipless body mounting combines clean flowing lines with secure latching convenience. TRX-4 Sport's hidden latches hold tight on the trail no matter how intense the action gets, but release in just seconds to access the chassis.

### SINGLE SPEED TRANSMISSION

Geared for raw torque, the single-speed transmission sheds valuable weight from the Sport's chassis for better weight distribution. Steel gears provide Traxxas-Tough durability and virtually maintenance-free operation.

### LOCKED DIFFERENTIALS

When negotiating a slick rock face or powering through a mud bog, traction is king. TRX-4 Sport comes outfitted with differential spools in the front and rear for ultimate grip when you need it most.

- Tough, lightweight pickup truck body
- 3s power system
- Waterproof electronics
- Portal axles
- Rigid steel frame
- Full-time shaft driven 4-wheel drive
- Spool-locked front and rear axles
- Single speed transmission with steel gears
