Available 2nd June, 2023

**92086-4**

Blue / Red / Black

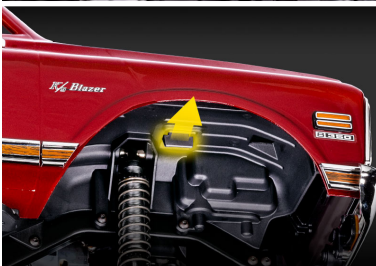

### HIGH TRAIL EDITION

Large 2.2 chrome mag wheels and Canyon Trail tires tame even the most technical trails to extend your scale adventures farther than ever before. The factory-installed Long Arm Lift Kit raises K5 Blazer over an inch taller for superior ground clearance.

### DETAILED REPLICA BODY

The TRX-4 K5 Blazer faithfully reproduces one of the most iconic Chevy trucks to ever hit the trail. Bright chrome accents contrast the high-gloss paint for an unmistakable look. The injection-molded grille, side mirrors, and simulated wood trim give K5 Blazer uncompromising scale presence.

### CLIPLESS BODY MOUNTING

The clipless body's hidden latching system gives K5 Blazer High Trail Edition clean, flowing lines for new level of scale realism and convenience. On the trail, K5 Blazer's clipless body holds tight when you need it, but releases in just seconds to access the chassis.
